

## Tapatan

Materials- Tapatan game board

6 game pieces (3 each of two different colors)

Players- 2

Skill- Strategy game

Object of the game- To get three in a row either horizontally, vertically or diagonally

### Directions

1. Decide which player is playing with which color and who is going first.
2. Take turns placing one game piece at a time on any of the Tapatan board points.
3. When all 6 pieces have been placed, you take turns sliding from point to point along the board lines. You cannot share a point with any other marker. You take turns sliding until one player gets three in a row, or until you decide to declare a stalemate.
