

John turned over 2 cards. They both show 3:00.  
The cards match, so John took them.

Yoko turned over 2 cards. One card shows 6:00.  
The other card shows 5:15. The cards do not  
match, so Yoko will turn them back over so  
that they are clock-side down again in the  
same position.

These are  
John's cards.

Yoko turned over these cards.  
She will not take them.
