

Dear Parents,

A Birthday Book is a special way our children can share their birthdays with other students and teachers at MTS. Each year the Birthday Book program adds many volumes to our collection of folklore, science, art, music and new award-winning fiction. This year we look forward to enjoying even more special Birthday Books in our wonderful library!

Please complete the form below for your child(ren) to participate in the Birthday Book program. Our librarian works with each child to make a wonderful selection. A commemorative bookplate is placed in the front of all Birthday Books, and we mail a thank you card to the student donor. Each month, we display the new books to familiarize students and teachers with these volumes and to say an additional thank you.

Birthday Books become a permanent record of our children's years at MTS, and we all enjoy them! Let us know if you have any questions or comments, and thank you for your consideration and support of the library.
